

The Power of Habit™

THE GREATEST PREDICTOR OF HIGH PERFORMANCE

Habits are unparalleled predictors of long-term outcomes. They affect performance more than talent, intelligence, luck, or decision-making. Most know this, yet we struggle to take control of our habits to get the outcomes we want. If knowing is half the battle, the other half is doing. Success is predicated on self-mastery; high performance is a matter of habit.

WHAT IS THE POWER OF HABIT?

Based on the bestseller by Charles Duhigg and the latest science in habit formation, *The Power of Habit* teaches how habits work and how to develop effective habits using skill instead of willpower. The course teaches a skillset for mastering any habit. You might call this skillset the habit of all habits. The one to rule them all.

The virtual experience of *The Power of Habit* incorporates group discussion, video case-studies, personal reflection, and engaging exercises into a fast-paced learning experience that enables participants to immediately apply their insights to real-time habit changes.

Course Details

The virtual experience of The Power of Habit includes videos, polls, in-class practice, breakout group discussions, and personal reflection to help maximize skill transference.
